REPORT ON CORPORATE GOVERNANCE FOR THE YEAR ENDED MARCH 31, 2023

[As required under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]

1. COMPANY PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

Corporate Governance is a set of systems and practices to ensure that the affairs of a Company are being managed in a manner that ensures accountability, transparency, and fairness in all its transactions in the widest sense and meets the aspirations and expectations of the stakeholders and the society as a whole. Corporate Governance necessitates professionals to raise their competency and capability levels and upgrade systems and processes to meet the expectations in managing the enterprise and its resources effectively with the highest standards of ethics. At Globus Power Generation Limited (GPGL), we feel proud to belong to a Company whose visionary founders laid the foundation stone for good governance long back and made it an integral principle of the business.

The GPGL appreciates the value of sound Corporate Governance as a fundamental base in achieving a trusting relationship with shareholders and other key parties. Responsible corporate conduct is integral to the way we do our business. At GPGL, we are committed to doing things the right way which means taking business decisions and acting in a way that is ethical and in compliance with applicable legislation.

The Board of Directors is responsible for and committed to sound principles of Corporate Governance in the Company. The Board of Directors plays a crucial role in overseeing how the Management serves the members' and stakeholders' short-term and long-term interests. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed, and independent Board. We keep our governance practices under continuous review.

The Company is in compliance with the requirements stipulated under Regulations 17 to 27 read with para C and D of Schedule V and clauses (b) to (i) to Sub-Regulation (2) of Regulation 46 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") with regard to Corporate Governance. The Company is committed to achieve the best standards of Corporate Governance. The Company has built up a strong foundation for making Corporate Governance a way of life by having an independent Board with experts of eminence, forming a core team of top-level executives, inducting competent professionals across the organization and putting in place best systems and processes. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC GROWTH AND POWER SECTOR

India's power sector is one of the most diversified in the world. Sources of power generation range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power, to viable non-conventional sources such as wind, solar, agricultural and domestic waste. Electricity demand in the country has increased rapidly and is expected to rise further in the years to come. In order to meet the increasing demand for electricity in the country, massive addition to the installed generating capacity is required.

India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 411.64 GW as of January 31, 2023. The peak power demand in the country stood at 205.03 GW in December, 2022.

Total FDI inflows in the power sector reached US\$ 16.57 billion between April 2000-December 2022.

In order to promote sustained industrial growth, the Government of India has identified the power sector as a key factor and during the union budget 2022-23, the Government of India has allocated Rs. 7,327 Crore for the solar power sector including grid, off-grid, and PM-KUSUM projects. The Green Energy Corridor projects have been initiated to facilitate renewable power evacuation and reshape the grid for future requirements. Also, other projects came into force during previous years like SAUBHAGYA was launched by the Government of India with the aim of achieving universal household electrification and many other alike projects.

OUTLOOK OF THE COMPANY

VISION:

To be one of the leading companies across the Globe that produces Clean & Smart Energy and with the aim to be environment friendly.

MISSION:

- To reduce society's total reliance on limited Fossil Fuels and change perspective to look at clever alternative sources that are unlimited;
- To contribute to lessen the phenomena of Global Warming and gain the maximum from the abundant Clean Energy sources of India and
- To protect the needs of our future generation and safeguard the current renewable resources.

Keeping major problems in mind, like the rising levels of pollution leading to the universal crisis of Global Warming is not only dangerous for our surroundings but also life-threatening. Our consistent strive to substitute conventional and harmful sources of energy like Fossil Fuels with renewable and smart sources like Solar Power is assured to protect and safeguard the needs of our nation and of the world. We follow the philosophy of the clever use of the unlimited bounty of nature and have to be utilized judiciously so as to gain the maximum from them. We do this by strategically planning and extracting these resources from various sites from across the country that are chosen keeping many factors in mind.

Our Management and Promoters use all possible technological advances and mechanical techniques to extract these resources in the best possible way so that they are also economically viable and serve even at the grass root levels by providing them steady electricity and a source of employment.

RISK AND CONCERNS

The Power Sector, directly or indirectly, impacts almost all the sectors contributing to the growth of the nation. Setting up a power project requires huge capital investments and takes years of concentrated efforts for successful completion and commissioning. Hence, any slowdown in the power sector has a domino effect on the overall economic growth of the country.

Some of the critical issues impacting the performance of the sector are mentioned below:

The following potential environmental and social risks associated with power generation Industry are:

- 1. Global Warming and Climate Change** - One of the biggest contributors to the “greenhouse effect” causing global warming is fossil fuel emission — of which, 80 percent of the world’s energy comes from.
- 2. Environment Hazards** - The environmental impact of conventional sources is hazardous and has to be eradicated to establish a healthy milieu, for us and for our future as country.
- 3. Restrictions on Energy Sources** – In India we have limited coal reserves and the potential of increased dependence on imported fuel is increasing.
- 4. Solid waste (production and disposal)** - ash residues (from combustions process) and sludge (from cooling process)
- 5. Atmospheric emissions:**
 - Pollutants (VOC, NOX, SOX, PM10, CO, CO2, etc)
 - Greenhouse gas production
 - Dust and noise Employee Health and Safety - operational noise, odour, nuisance, Landscape scarring and visual impact
- 6. Financial health of state Discoms and Government support**

Poor financial health and financial viability of the Discoms continue to be the major power producers face. Most Discoms continue to make major losses as a result of poor and archaic network infrastructure, inefficient operations, and expensive long-term power purchase agreements. This has resulted in Discoms’ growing inability to pay power generators on time, thereby in-turn endangering the financial health of the generators and their lenders, keeping them tottering on the brink of slipping back into stress.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has a system of internal controls commensurate with the nature and size of its operations, which effectively and adequately encompasses every facet of its operations and functional areas. The system involves a compliance management team with established policies, norms and practices as also the applicable statutes and rules and regulations, with an inbuilt system of checks and balances, so that appropriate and immediate corrective actions are initiated in right earnest in the event of any deviations from the stipulated standards and parameters.

The effectiveness and deliverability of the internal control systems are reviewed periodically so that measures, if any, needed for strengthening the same can be taken, with the changing business needs of the Company. The Company continues to regularly review its systems, processes and controls on an on-going basis, comparing and aligning them with the industry best practices.

We draw attention to Note No. 20 'Going Concern Assumption of the Financial Statements which indicates that the Company has incurred substantial losses of Rs. 1,334.97 Lacs (LY Rs. 66.65 Lacs) Out of this cash loss incurred during the year is Rs. 48.92 Lacs (PY cash loss Rs. 54.20 Lacs). However, the management is of the opinion that there is no uncertainty for the Company for continuing in business for the foreseeable future. The management has clear intention not to liquidate the Company or cease the operations. The Company is able to realize its assets and discharge its liabilities in the normal course of business. This indicates the existence of material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, the financial statements of the Company have been prepared on a going concern basis for the reasons stated in the said Note. Our opinion is *not modified* in respect of this matter.

4. Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon. We communicate the following:

a) In addition to the matter described in the *Material Uncertainty Related to Going Concern* section, we have determined the matters described below to be the key audit matters to be communicated in our report.

DESCRIPTION OF KEY AUDIT MATTER	AUDITOR'S RESPONSE
(i) Trade receivables and 'loans & advances' given of the Company are carried at fair value Rs.1,196.25 Lacs (PY Rs. 2,392.76 Lacs) (net off loss allowance) In calculating the fair value the rate of prudential provision for expected credit loss has been determined on an estimated basis. This estimate involves significant judgment by the management.	We evaluated the significant judgments of the management within the going concern model by comparing them to the rate of prudential provision generally prevalent in the market in the preparation of financial statements and then benchmarking them against the market observable external data. We conclude that the rate determined of prudential provision for expected credit loss is reasonable.
(ii) Trade Payables and 'other non-current financial liabilities' of the Company are carried at amortized cost Rs. 247.22 Lacs (PY 228.90 Lacs) and Rs. 1,057.64 Lacs (PY 939.60 Lacs) respectively. In calculating the amortized cost the discount rate has been determined on an estimated basis as per the prevalent rates in the market. This estimate involves significant judgment by the management.	We evaluated the significant judgments of the management within the going concern model by comparing them to the discounting rates generally prevalent in the market in the preparation of financial statements and then benchmarking them against the market observable external data. We conclude that the discounting rate determined for amortized cost is reasonable.

5. Other Information in documents containing Audited Financial Statements:

The Company's management and Board of Directors are responsible for the other information. The other information comprises financial and non-financial information included in the entity's Annual Report or Management Report and Chairman's Statements but does not include the Consolidated Financial Statements and our Independent Auditor's Report thereon. These reports are expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. SA720 "Auditor's Responsibilities relating to Other Information" requires it in connection with our audit of the financial statements.

Independent Auditor's responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

6. Responsibility of Management and 'Those Charged with Governance' for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate

implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

7. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of the audit in accordance with SA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

8. Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the '**Annexure A**' statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

9. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this

Report are in agreement with the books of account.

- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) In our opinion there is no observation or comment to be made by us on financial transactions or matters which have any adverse effect on the functioning of the Company.
- (f) On the basis of the written representations received from the directors as on the date of financial statements taken on record by the Board of Directors, none of the directors is disqualified as on that date from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) In our opinion, we do not find any qualification, reservation or adverse remark to be made by us relating to the maintenance of accounts and other matters connected therewith.
- (h) With respect to the adequacy of the internal financial controls with reference to financial statement of the Company and the operating effectiveness of such controls, refer to our separate Report in **“Annexure -B”**.
- (i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (a) The Company has disclosed the impact of pending litigations on in its financial position in its financial statements –*No such impact on financial position.*
 - (b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - (d) (i) Whether the management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

It has been so represented by the management that no such funds have been advanced, loaned or invested and no such guarantee security or the like has been provided

- (ii) Whether the management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on

behalf of the Ultimate Beneficiaries; and

It has been so represented by the management that no such funds have been received and no such guarantee security or the like has been provided

(iii) Based on such audit procedures that the auditor has considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

(e) Whether the dividend declared or paid during the year by the Company is in compliance with section 123 of the Companies Act, 2013.

NA since no dividend is declared

(f) Whether the Company has used such accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all transactions recorded in the software and the audit trail feature has not been tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.”

As proviso to rule 3(1) of the companies (accounts) rules, 2014 is applicable for the Company only w.e.f April 1,2023 reporting under this clause is not applicable for the year .

(g) With respect to the matters to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and to the best of our information and explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provision of section 197 of the Act and is not in excess of the limit laid down under the said section.

Annexure – “B” “Internal Financial Control Report”

(Financial Year ending on 31.03.2023)

GLOBUS POWER GENERATION LIMITED

(Referred to in Paragraph 9(h) our report of even date) FY 31.03.2023

1. Opinion

We have audited the internal financial controls over financial reporting of **Globus power Generation Private Limited** as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on ‘Audit of Internal Financial Controls Over Financial Reporting’ issued by the Institute of Chartered Accountants of India.

2. Management’s and Board of Directors’ Responsibilities for Internal Financial Controls

The Company’s management and the board of directors are responsible for establishing and maintaining internal financial controls based on the ‘internal control over financial reporting’ criteria established by the Company considering the essential components of internal control stated in the Guidance Note on ‘Audit of Internal Financial Controls Over Financial Reporting’ issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

3. Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on ‘Audit of Internal Financial Controls Over Financial Reporting’ and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material

misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to financial statements.

4. Meaning of Internal Financial Controls Over financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

5. Inherent Limitations of Internal Financial Controls Over financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. COMPANY OVERVIEW

Globus Power Generation Limited (the 'Company') is a domestic public limited Company with registered office situated at Shyam House, Plot No.3 Amrapali Circle, Vaishali Nagar, Jaipur, Rajasthan, Pin 302021. It is listed on Bombay Stock Exchange of India (BSE), in the name of Globus Constructors and Developers Ltd and was incorporated long back on 19.06.1985. It's CIN is L40300RJ1985PLC047105. It's PAN is AAACG6734E. The Company is engaged in the business of making strategic investments in infrastructure sector and particularly power generation business and acquisition of portfolio of wind / bio mass / solar power plants and to make them part of their group. The business includes making investment in other Securities, derivatives, mutual funds and properties.

2. Statement of Compliance:

The accounts have been prepared in accordance with Indian Accounting Standards IND AS and disclosures thereon comply with requirements of IND AS, stipulations contained in Schedule- III, Division II (revised) as applicable under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules 2015 as amended from time to time.

3. Basis of preparation:

The financial statements have been prepared on the historical cost basis except financial instruments that are measured at revalued amounts or fair values at the end of each reporting period. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in the financial statements is determined on such a basis, except for leasing transactions, if any that are within the scope of IND AS 116 and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 'Inventories' or value in use in Ind AS 36 'Impairment of Assets'. Assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in revised Ind AS Schedule - III to the Companies Act, 2013.

4. Significant Management Judgement in applying accounting policies and estimation uncertainty:

- a) IND AS enjoins management to make estimates, assumptions and judgments related to financial statements that affect reported amount of assets, liabilities, revenue, expenses and contingent liabilities pertaining to the year. Actual result may differ from such estimates. Any revision in accounting estimates is recognized prospectively in the period of change and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.
- b) Provisions: At each balance sheet date based on management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees, if any. However the actual future outcome may be deferent from this judgment.

5. Statement of Cash Flows:

- a) The Company reports cash flows using indirect method. Profit or Loss is adjusted for the effects of transactions of a non cash nature, or any deferrals or accruals of past or future as prescribed under IND AS 7.

b) Cash and cash equivalents:

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

6. Revenue Recognition:

- a) The Company has adopted the policy that sales wherever any, are recognized with the transfer of significant risk and rewards of ownership of the goods, with the Company losing effective control or the right to managerial involvement thereon and the revenue including cost incurred or to be incurred in respect of the transaction are measurable reliably and the recovery of the consideration is probable.
- b) Revenue from services wherever any, are recognized in proportion to the stage of completion of transactions at the end of reporting period, and cost incurred in the transaction including the cost to complete the transaction and revenue can be measured reliably. The basic Principle of Revenue Reconciliation is that it is recognized on satisfaction of each performance obligation distinct service as per term of the contract. The Company determines whether the performance obligation will be satisfied over time or at a point in time.
- c) Supply of sales and services are measured at the Transaction Price which is the fair value of consideration received or receivable. It is the amount of consideration to which the Company is entitled in exchange for transfer of goods or services. They are recognized net of GST.
- d) Dividend for distribution by the Company is accounted for at the point of approval by relevant authority. However the disclosure in financial statements is made of dividend declared/ recommended/proposed pending distribution.
- e) Dividend Income of the Company is accounted when the Company's right to receive the payment is established, which is generally when the appropriate authority approves and declares the dividend.
- f) Other incomes, whenever any have been recognized on accrual basis in financial statements except for cash flow information.
- g) Speculative transactions– They are settled, if any by paying out the differences, which may be positive or negative. In such transactions, although the contract notes are issued for the full value of the purchased/ sold scrip, the entries are made in the books of accounts only for the differences.
- h) Futures and Options transactions – In case of futures transactions, they are recognized, if any on the basis of favorable and unfavorable differences of every day. The net of these differences is treated as net gain or loss on such transactions over the period. In case of options transactions, the premium received on sale of options and the differences in reverse trades are treated as income or loss as the case may be. The Company has adopted trade date accounting.
- i) **Other Derivatives** – The Company may also hold derivative financial instruments in the form of Future Contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts are Banks or exchanges. These derivatives whenever held constitute hedges from an economic perspective. They do not qualify for hedge accounting under IND AS109 'Financial Instruments' and consequently are categorized as financial assets or financial liabilities at fair value through profit or loss. The resulting exchange gain or loss are included in other income and attributable transaction costs are recognized in the Statement of Profit and Loss when incurred.

7. Property, Plant and Equipment

- i) These are tangible assets which are held for use in production, supply of goods or services or for administrative purposes. These are recognized and carried under cost model i.e. cost less accumulated depreciation and impairment loss, if any which is akin to recognition criteria under erstwhile GAAP.
 - a) Cost includes freight, duties, taxes and other expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such costs also include borrowing cost if the recognition criteria are met.
 - b) When a major inspection/repair occurs, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of previous inspection/repair is derecognized.
 - c) Items such as spare parts, stand by equipment and servicing equipment are recognized in accordance with Ind AS 16 when they meet the definition of PPE
 - d) Depreciation, whenever any has been provided on WDV method in terms of Expected life span of assets as referred to in Schedule II of the Companies Act, 2013. The residual value and useful life is reviewed Annually and any deviation is accounted for as a change in estimate. The estimated total useful life of assets is as follows:

Particulars	Total useful life estimated
Computers	6 years
Office Equipment	5 years
Vehicles	8 years

- e) Components relevant to fixed assets, where significant, are separately Depreciated on WDV basis in terms of their life span.
- f) For New Projects, all direct expenses and direct overheads (excluding services of non-exclusive nature provided by employees in Company's regular payroll) are capitalized till the assets are ready for intended use.
- g) During sales of fixed assets any profit earned / loss sustained towards excess /shortfall of sale value vis-a-vis carrying cost of assets is accounted for in statement of profit & loss.

8. Investment Property

- a) Properties held to earn rentals or/and for capital appreciation but not for sale in the ordinary course of business, or use in the production or supply of goods or services or for administrative purposes are categorized as investment properties. These are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost shall also include borrowing cost if the recognition criteria are met. Subsequent costs are included in the assets' carrying amount or recognized as a separate assets, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Company. Any gain or loss on disposal of investment properties is recognised in profit or loss account.
- b) Fair value of investments properties under each category are disclosed in the notes. Fair values are determined based on the evaluation performed by an accredited external independent valuer applying

a recognized and accepted valuation model or estimation based on available sources of information from market.

c) Subsequent Measurement

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the written down value, computed on the basis of useful lives (as set –out below) prescribed in Schedule II to the Act:

Asset category	Total Useful life (in years)
Building	60 years

d) Transfers to or from the investment property is made only when there is a change in use and the same is made at the carrying amount of Investment Property.

9. Intangible Assets

a) Intangible Assets wherever any, are initially recognized at:-

- 1) In case the assets are acquired separately then at cost
- 2) In case the assets are acquired in a business combination then at fair value.
- 3) In case the assets are internally generated then at capitalized development cost subject to satisfaction of criteria of recognition (identifiability, control and future economic benefit) laid down from clause 11 to17 of IND AS 38.

Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment loss. Research costs if any, are recognized as expense in the period in which it is incurred.

- b) Intangible assets with finite useful life are assessed for impairment whenever there is an indication that the intangible assets may be impaired. Intangible assets with infinite useful life Including goodwill are tested for impairment annually.
- c) Intangible assets with finite useful life are amortized over the useful economic life on a straight line basis. In case of Patents and Trade Marks the useful life is taken to be 10 years and in case of Software, the useful life is taken as 5 years.

10. Goodwill

No self-generated goodwill is recognized. Goodwill arises during the course of acquisition of an entity in terms of accounting treatment provided in IND AS-103 dealing with 'Business Combination'. Goodwill represents the excess of consideration money paid over the fair value of net assets of the entity under acquisition. Such goodwill if any, is construed to have indefinite life and as such is not subject to annual amortization but annual test of impairment under IND AS – 36 'Impairment of Assets'. In case consideration money paid is less vis-à-vis fair value of net assets on account of bargain purchase, it is recognized in OCI at acquisition point and subsequently transferred to capital reserve.

11. Impairment of Financial Assets:

The Company recognizes loss allowances as per Ind AS 109 'financial Instruments' using the expected

credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. For trade receivables, lease receivable, contract assets with no significant financing component, the Company does not track the change in credit risk. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in statement of profit and loss.

12. Impairment of Non-Financial Assets

- a) An asset is deemed impair able when recoverable value is less than its carrying cost and the difference between the two represents provisioning exigency.
- b) Recoverable value is the higher of the 'Value in Use' and fair value as reduced by cost of disposal.
- c) Test of impairment of PPE, investment in subsidiaries / associates / joint venture and goodwill are undertaken under Cash Generating Unit (CGU) concept. For Intangible Assets and Investment Properties it is undertaken in asset specific context.
- d) Test of impairment of assets are generally undertaken based on identification criteria of impairment, if any, from external and internal sources of information outlined in para 12 'sources of information' of Ind AS-36.

Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

13. Government subsidy/grant

Government Grant is recognized only when there is a reasonable assurance that the entity will comply with the conditions attaching to them and the grants will be received.

- a) Grants Subsidy related to depreciable assets including non-monetary grants is recognized as deferred income which is recognized in the Statement of profit & loss on systematic basis over the useful life of the assets. Purchase of assets and receipts of related grants are separately disclosed in statement of cash flow.
- b) Grants related to income are treated as other income in statement of profit & loss subject to due disclosure about the nature of grant.

14. Financial instruments

Financial Assets

a) Initial Recognition and Measurement

All financial assets are recognized initially at fair value except trade receivables which are initially measured at transaction price. In the case of financial assets not recorded at fair value through profit or loss, at transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost. Regular way Purchase and sale of financial assets are accounted for at trade date. Regular way means Purchase or sale of a financial assets under a contract where delivery is requested within a time frame which is established by regulation or convention.

b) Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories:

- Financial Assets at fair value
- Financial assets at amortized cost

Where assets are measured at fair value, gains and losses are either recognized entirely in the statement of profit and loss, or recognized in other comprehensive income.

c) A financial asset that meets the following two conditions is measured at amortized cost.

- **Business Model Test:** The objective of the Company's business model is to hold the financial asset to collect the contractual cash flows.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.
- Advances, Security deposits, rental deposits, cash and cash equivalent etc are classified for measurement at amortized cost.

d) A financial asset that meets the following two conditions is measured at Fair value through OCI:

- **Business Model Test:** The financial asset is held with a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

e) All other financial assets are measured at fair value through profit and loss.

f) **Equity Investments:** All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss, except for those equity investments for which the entity has elected irrevocable option to present value changes in OCI (No recycling).

g) **Investment in Debt Instruments:**

Debt Investments that satisfy CCFC test are valued at Amortized Cost.

Debt Investments that result in CCFC as well as in selling the financial assets are valued at FVT OCI.

All other Debt Investments that do not result in CCFC are valued at FVT PL.

For Debt financial investments at FVTOCI, interest income, foreign exchange revaluation and impairment losses or reversal are recognized in Profit or loss. The remaining fair value changes are recognized in OCI. Upon recognition the cumulative fair value changes recognized in OCI is recycled to profit and loss.

h) **Mutual Funds:** All mutual funds in scope of IND AS 109 are measured at amortized cost. They are also measured at FVTPL if they could be readily available for sales with significant change in value of the cash inflows.

i) All investment held for trading are valued at FVTPL.

Derivative financial instrument are valued at fair value through Profit and Loss (FVTPL).

j) Investment in associates, joint venture and subsidiaries

The Company accounts for its investment in subsidiaries, associates and joint venture at cost less accumulated impairment if any.

k) Impairment of financial assets

The Company assesses impairment of financial assets based on expected credit losses (ECL) model at an amount equal to:-

- 12 months expected credit losses (12 month ECL), or
- Lifetime expected credit losses (LT ECL)

Depending upon whether there has been a significant increase in credit risk since initial recognition.

l) Trade Receivable: For trade receivables without significant financing component, the Company applies simplified approach and does not track the change in credit risk. In case of trade receivables having significant financing component, it recognizes impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For this purpose the simplified approach has been adopted using 'Provision Matrix method' for recognition of expected credit loss on trade receivable.

Provision matrix means loss allowance for impairment loss calculated based on default rate percentage applied to a particular group of financial assets. Default rate is derived from the component's own past data or historical credit loss experience.

15. Financial Liabilities

- a) All financial liabilities are initially recognized at amortized cost using effective interest rate (EIR) method.
- b) In the case of trade and other payables, maturing within one year from the B/Sheet date, the carrying amounts approximate the fair value due to their short maturity period.
- c) A financial liability is classified as FVTPL if it is designated as held for trading, or it is a derivative or is designated as such on initial recognition.
- d) Financial Liabilities classified at FVTPL are measured at fair value and net gain or losses, including any interest expense, are recognized in statement of profit and loss.
- e) Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss.
- f) Any gain or loss on de-recognition is also recognized in statement of profit and loss.

16. Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company, if any are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and

- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 115.

17. De recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial assets expire or it transfers the financial asset and the transfer qualifies for de recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

18. Fair value measurement of financial Instruments

- a) The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.
- b) Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:
 - In the principal market for the asset or liability, or
 - In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

- c) The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.
- d) A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.
- e) The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.
- f) All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

- g) For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization based on the lowest level input that is significant to the fair value measurement as a whole at the end of each reporting period.

19. Leases

- (i) As per the IND AS 116(Lease) there is prescribed a simple accounting model for the lease eliminating the classification of operating and finance lease. The lessor's accounting remains unchanged.

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

(ii) The Company as a Lessee

At the date of the commencement of the lease, the Company recognizes a right-of-use assets ('ROU') and a corresponding lease liability for all the lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and low value leases. The Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

In determining the lease term, Company considers the Option to extend/terminate the lease, wherever it is reasonably certain to exercise such option.

Lease liability is initially measured at the present value of future Lease payments due to the lessor over the lease term, with the discount rate determined by reference to the rate implicit in the lease and in case it is not determinable, Company's incremental borrowing rate on commencement of the lease is used. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The Company only include variable lease payments in measurement of the lease liability if they depend on index or rate. Other variable lease payments are charged to statement of profit & loss. The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

The Company recognizes the amount of the re-measurement of lease liability due to reassessment/modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of reassessment/modification. However, lease modification is accounted as separate lease if the modification increases the scope of the lease by adding the right to use one or more underlying assets and the consideration for lease increases by an amount commensurate with stand-alone price for the increase in the scope.

The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the

commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. They are subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any re-measurement of the lease liability.

- (iii) Right-of-use assets are depreciated on a straight-line basis over the lease term or remaining useful life of the underlying assets as prescribed in IND AS 16 (PPE)/Schedule II of Companies Act 2013, whichever is shorter.

20. Inventory

Inventories, wherever any are valued at the lower of cost or net realizable value. Cost includes purchase price, Import duties and other taxes (other than those subsequently recoverable by the entity from taxing authorities), transport & handling costs and other costs directly attributable to the acquisition and bringing the inventories to their present location and condition.

21. Income Tax and Deferred Tax

Current tax:

- a) The liability of Company on account of Income Tax is computed considering the provisions of the Income Tax Act, 1961. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.
- b) Deferred tax is provided using balance sheet approach on temporary differences at the reporting date as difference between the tax base and the carrying amount of assets and liabilities. Deferred tax is recognized subject to the probability that taxable profit will be available against which the temporary differences can be reversed.
- c) Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.
- d) Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).
- e) Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.
- f) Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is probable that the differences will not reverse in the foreseeable future.
- g) Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, where it is probable that the differences will not reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilized.

22. Recognition of Current tax and deferred tax

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

23. Employee Benefits

Liabilities in respect of employee benefits to employees are provided for as follows:

a) Short-term employee benefit

- i) Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be incurred when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.
- ii) ESI wherever any, is provided on the basis of actual liability accrued and paid to authorities.

b) Long Term Employee Benefit Plan

The Company has a policy on compensated absences which are both accumulating and non-accumulating in nature. Keeping in view the small strength of employees (less than 10) (PY also less than 10) and their small no. of completed years of service, the cost of accumulating compensated absences is not expected to be material and hence is not determined by actuarial valuation performed by an independent actuary.

Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

c) Post Separation Employee Benefit Plan

- i) Defined Benefit Plan
 - Liability recognized in the balance sheet in respect of **gratuity** if any, is the present value of the defined benefit obligation at the end of each reporting period less the fair value of plan assets.
 - Actuarial gain / loss pertaining to these defined benefits and other components of re-measurement of net defined benefit liability (asset) if any are accounted for as OCI. All remaining components of costs are accounted for in statement of profit & loss.
- ii) Defined Contribution Plans
 - Company contributes its share of contribution whenever applicable, to Employees **Provident Fund** Scheme of central government.
 - Liability for superannuation fund if any, is provided on the basis of the premium paid to insurance Company in respect of employees covered.
- d) Other employee benefits –This includes bonus, performance incentive etc. The undiscounted amount of employee benefits expected to be paid in exchange for the services rendered by employees is recognized during the period when the employee renders service.

24. Foreign Currency Transaction

- a) The Company's financial statements are presented in INR, which is also the Company's functional currency.
- b) Transactions in foreign currencies are recognized at rate of overseas currency ruling on the date of transactions. Gain / Loss arising on account of rise or fall in overseas currencies vis-à-vis functional currency between the date of transaction and that of payment is charged to Statement of Profit & Loss.
- c) Monetary Assets in foreign currencies are translated into functional currency at the exchange rate ruling at the Reporting Date and the resultant gain or loss, is accounted for in the Statement of Profit & Loss. Monetary items mean units of currency held and assets and liabilities to be received or paid in fixed or determinable no.s of units of currency eg. cash, receivables, payables, etc.
- d) A contract to receive a variable no. of entity's own equity instruments in which the fair value to be received equals a fixed or determinable no. of units of currency (amount of money) is a monetary item.
- e) Non-Monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items mean property, plant and equipment, inventories, investments in equity shares, goodwill, intangibles, prepaid amounts, etc.
- f) Impact of exchange fluctuation is separately disclosed in notes to accounts.
- g) Translation difference on conversion of foreign operation is recognized in the 'Other Comprehensive Income'.

25. Borrowing Cost

Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset if any, are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred.

26. Provisions, Contingent Liability and Contingent Assets

- a) The Company recognizes a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligation and the amount of such obligation can be reliably estimated. Provision are discounted to their present value where the time value of money is material.
- b) Show cause notices whenever any, issued by various government authorities are not considered as an obligation. When the demand notices are raised against such show cause notice and are disputed by the Company then these are classified as possible obligations.
- c) Disputed liabilities and claims against the Company including claims raised by fiscal authorities (e.g. Income Tax, customs, GST, etc.) pending in appeal / court for which no reliable estimate can be made

and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts.

- d) However, present obligation as a result of past event with possibility of outflow of resources, when reliable estimation can be made of the amount of obligation, is recognized in accounts in terms of discounted value, if the time value of money is material using a current pre-tax rate that reflects the risk specific to the liability.
- e) No contingent asset is recognized in the financial statements. However they are disclosed when possible right to receive exists.

27. Claims / Counter Claims / penalties/ Awards: They are accounted for in the year of settlement.

28. Exceptional Items:

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

29. Share Based Payments (Employee Stock Option Scheme)

- a) All the share based payment transactions as entered by the Company if any, are of the nature of Equity settled share based payment transactions which means there are no terms of arrangement which provide either the Company or the counter party with the choice of settling the transaction in cash rather than by issuing the Equity Instruments.
- b) The services received under a share based payment transaction are recognized as and when the services are received.
- c) Aggregate of quantum of option granted under the scheme in monetary term (net of consideration of issue to be paid in cash) is netted off against corresponding debit on account of deferred employee compensation under ESOP so as to appear as ESOP Outstanding under the head of Other Equity.
- d) With the exercise of option and consequent issue of equity share, corresponding ESOP outstanding is transferred to share premium account.
- e) Deferred employees compensation under ESOP is amortized on straight line method over the vesting period which appears under Employee Benefit Expense in the statement of Profit & Loss as ESOP expense.

30. Operating Segments

The Company's segmental reporting is in accordance with Ind AS 108 Operating Segments. Operating segments are reported in a manner consistent with the internal reporting provided to the board of directors, which is responsible for allocating resources and assessing performance of the operating segments, and has been identified as the chief operating decision maker.

- a) The Company monitors the operating results of its operating segments (business segments) separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss and is measured consistently with profit and loss in the financial statements.

- b) Revenue for each group of similar products and services from external customers wherever any, is reported separately. Revenue from a single major customer if any (i.e. more than 10 %), is disclosed separately.
- c) Revenue from external customers
 - i) attributed to the entity's country of domicile and,
 - ii) attributed to all foreign countries in total is reported separately. If revenue from an individual foreign currency is material, that is disclosed separately.
- d) The primary reporting segment of the Company is performed on the basis of business segments. The Company has been making strategic investments in power generation business and acquisition of portfolio of wind / bio mass power plants and others. There is no other business segment of the Company.

31. Earnings Per Share

Basic Earnings per share is calculated by dividing the net profit (total comprehensive income) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit for the period attributed to equity shareholders and the weighted average number of potential shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares, except where the results would be anti dilutive.

32. Business Combinations

- a) The acquisition method of accounting is used to account for all business combinations wherever any, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:
 - fair values of the assets transferred;
 - liabilities incurred to the former owners of the acquired business;
 - equity interests issued by the Company; and
 - fair value of any asset or liability resulting from a contingent consideration arrangement.
- b) Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.
- c) The Company recognizes any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.
